Survey Questionnaire on Case Based Teaching of Software Engineering Course

Fill the survey honestly by ticking the option you agree on.

Q1. I feel the use of case study was relevant in learning about course concepts.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q2. The case study was helpful in synthesizing ideas and information presented in course.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q3. The case study allowed me to view an issue from multiple perspectives.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q4. The case study allowed for a deeper understanding of course concepts.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q5. The case study added a lot of realism to class.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q6. I was more engaged in class when using case study.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q7. The case discussion increased my interests in learning about software engineering.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q8. The case discussion strengthened my communication skills to speak in front of the audience.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q9. The case discussion increased my confidence to work in a team.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐

Q10. The case study will help me to retain the different aspects of software engineering better.

Strongly Agree ☐　　Agree ☐　　Disagree ☐　　Strongly disagree ☐
